SUBJECT: Motions for Caucus

1541

I realize the deadline passed for submitting motions for caucus deliberations; however, I am asking for an exception for this very minor technical change to one of my motions included in the Finance budget proposal.

The attached modification corrects language contained in JFC motion #1364. Please see the note at the bottom of the modification for more information.

Please let me (or my staff) know if this exception is a problem.

TRANSPORTATION—STATE HIGHWAY PROGRAM

Sign on I-43 for Black Holocaust Museum

Modification to JFC Motion #1364:

Move to delete the provision that requires DOT to erect a sign. Retain provision that requires DOT to maintain sign.

Note: A sign has already been erected on I-43 for the Black Holocaust Museum (at the Museum's expense). This modification to the motion simply requires DOT to maintain the current sign in the future, but does not require DOT to erect another sign.

Attached is the draft you requested regarding the sign for America's Black Holocaust Museum. I assumed from the motion that you only intend to require the department of transportation to maintain the sign that currently exists along I 43. The treatment currently in the substitute amendment requires the department of transportation to erect and maintain signs, although the treatment does not specify how many. If the draft is inconsistent with your intent, please let me know.
